

Jefferson Collaborative Membership Information

Welcome to the Jefferson Collaborative! We are a network of community-serving organizations who are committed to working together to improve communities in Pittsburgh’s South Hills and lower Mon Valley. As a direct outcome of the inaugural Jefferson Forum in 2014, the Collaborative emerged as a platform for organizations across the Jefferson Region to connect and collaborate, and has become a membership of 90+ community-based organizations and an incubator for powerful ideas, a tool for capacity building, and a facilitator of group action on broad community aspirations.

- Our Mission: To bring together change-makers to positively impact the health & vitality of communities south of Pittsburgh.
- Our Vision: To create agile, healthy, and sustainable communities for diverse populations throughout the Jefferson region.

Members come together in full meetings 5x per year to build connections and discuss important regional issues. In addition, issue-oriented Action Teams enable member organizations to work together on cross-sector solutions for key challenges in our communities. The Collaborative also sponsors initiatives such as Mental Health First Aid Training and *Around the Table South* community conversations, and curates the Jefferson Directory, a community resource for the region. Our current focus areas are *Workforce Development, Behavioral Health, and Family & Resident Engagement*.
